

## **JUNAID MALIK**

After acquiring a hospitality management Honors diploma from the Netherlands and Hotel Management Honors from Cyprus, Junaid moved to Canada in the 1990's to finish a Business Administration degree from Brandon University. Upon moving to Calgary, he worked as coordinator for the Canadian Cancer Society for over two years, contributing in the fight against Cancer.

When this did not suffice his desire to give back to the community, Junaid stepped into the competitive world of real estate in 2002. He has since then ridden the wave of the real estate market and has continued to learn, grow and excel in what he does. For his real estate accomplishments, Junaid has won Re/Max Hall of Fame award, Re/Max Platinum Club award, Re/Max 100% club Award, Re/Max Executive Club award and the Calgary Real Estate Board's prestigious Million Dollar Club award.

While at Brandon Junaid was elected to the University Senate, wrote in the student newspaper, sat on different senate committees and participated in Shinerama Cystic Fibrosis fundraising. He also served as a Board of director for Disabilities Developmental Resource centre of Calgary, Heart of the NE Community Solutions Resource Center, Sunrise Community Resource Center and a cabinet member for Brandon University's \$8.5 million capital campaign. He currently sits on the boards for Sunvillage and Cool Family Solutions and helps Passages to Canada and Volunteer Calgary as a speaker. He also volunteers with Immigrant Aid Society Calgary as an employment coach and helps people one on one with their job search, resume/cover letter writing, interview and follow up skills. He also volunteers with the Calgary Real Estate Board's Education Task Force and Research the Needs and Criteria to be Considered a Fully Trained REALTOR® Task Force.

Junaid was appointed to the Board of Governors for Alberta Real Estate Foundation as a Real Estate Council of Alberta appointment in November 2010.
